## BIG SPAN IS RAISED WITHOUT MISHAP

*Weather And Tide Favor  
Huge Engineering Feat As  
Crowds Witness Spectacle*

**BIG ENGINEERING FEAT IS RESULT OF  
MANY MONTHS OF CAREFUL  
PLANNING BY ENGINEERS**

VALLEJO, March 3.—The first of the two giant suspension spans, final links in the world's largest highway bridge—the Carquinez—spanning the treacherous channel between this historic city and Crockett on the south shore, was swung into place this afternoon.

As the 750-ton fabricated steel span moved slowly upward from the two steel barges which had towed it directly under the position it was to occupy on the bridge itself, the thousands who had gathered on both North and South shores stood with bated breath, realizing that the slightest wave action, a sudden gust of wind, or a spatter of rain might turn the delicate engineering feat into stark disaster and hurl the massive suspension span into 100-feet of straits water.

Simultaneously they noted the giant counter-weights—four huge boxes filled with sand—moving downward. It was this downward thrust of the counter-weights that furnished the power to raise the 750 tons of cold steel and with a total length of some 450 feet—a good size bridge in itself.

**Movement Slow.**  
The initial movement was almost imperceptible but as the secondary tackle was slackened off the boxes moved downward more rapidly and the steel work moved upward at real speed. But at that, to the anxious throngs it seemed as if the movement was at a snail's pace.

**"Take No Chance"**  
"We can't take a chance of disaster," remarked V. L. Strickland, erection engineer of the western division of the United States Steel Products Co., in charge of the structural steel work on the world's greatest highway bridge, as he looked on the delicate operation under way. "The orders are to go slow." Human life hangs in the balance. A misstep, a hasty action might bring disaster.

The bridge builders heaved a mighty sigh of relief when the span came to rest in exact position and the "cowboys of the sky"—the heroic structural steel workers—shoved the giant 12-inch steel pin into position, driving it through the cantilever arms and through the ends of the span itself, the final act in putting the span into place.

As the pin settled into place, a sudden jerk and the counter-weights were emptied of sand and

### CREDIT FOR FEAT GOES TO STANGLE

Credit for the raising of the gigantic 750 span which was swung into place yesterday afternoon in the Carquinez Bridge, goes to Frank Stangle, superintendent of erection of the U. S. Steel Products Co., and A. F. McLane, resident engineer.

Stangle has been in the employ of the American Bridge company at which the U. S. Steel Products Co. is a California subsidiary, for more than 30 years. He is considered one of the most capable construction engineers in the country and an authority on construction. It was under his supervision that the tremendous amount of small detail was worked out that resulted in the success of the mighty operation yesterday.

So far as is known, yesterday's feat marked the first occasion a bridge span was raised by means of counter-weights. The Quebec bridge which is included in the world's largest bridge structure was raised in place by means of jacks, a much slower and more dangerous method than was employed yesterday.

### Student Commits Suicide Because Of Poor Marks

(By Universal Service)  
OAKLAND, March 3.—Blakeley Dale Farrer, 15, a student of the Fremont high school, committed suicide tonight at his home in this city due to despondency over a poor report card.

According to his mother the youngster came home from school this afternoon very despondent and showed her his report card. He talked the matter over with his parent, after which he went to his room and shot himself in the head with a rifle.

He left a note to his mother saying he was going to end his life because he did not want to cause her any more trouble.

### Permit Issued To Move House

C. R. Wallerson will move a cottage on the east side of Eighteenth street between Roosevelt and Clinton avenues at a cost of \$250, according to a permit issued yesterday by City Building Inspector A. J. Hurley.

Permission was also given William O'Meara to erect a flue on the east side of Seventh street between Bissell and Macdonald avenues at a cost of \$50.

Florida is still smiling a last wan smile—winter gasoline is being sold in California.

### Sharkey Wins By Technical Knockout In Twelfth

### REFEREE STOPS FIGHT IN 12TH; M'TIGUE GOES OUT ON FEET

**Boston Heavy Outclasses  
Opponent in Rickard  
Elimination Bout**

NEW YORK, March 3.—Brave old Mike McTigue was eliminated as a contender for the heavy-weight championship at Madison Square Garden tonight when Jack Sharkey of Boston scored a technical knockout in the twelfth of their scheduled 15-round match.

Referee Kid McPartland stopped the match after one minute and 29 seconds of fighting in the twelfth. Blood was streaming from McTigue's mouth. An artery in his mouth was broken, and he was unable to proceed.

A crowd of more than 14,000 McTigue partisans gave the plucky old fellow an ovation as he was helped from the ring. He had made a gallant effort. The Boston fighter weighed 189½, while McTigue weighed 170½.

### Bigamist Marries 10 Women in 16 Year Crusade

(By Universal Service)

SAN FRANCISCO, March 3.—John Kearney, in custody on a charge of burglary, confessed today that he had married at least ten women without the formality of a divorce.

The revelation was made when Detective Sergeant Tatham showed the prisoner two marriage licenses, one to Rose Lee of Vancouver, Washington, and the other to Florence Torgerson of Woodland, California. The first was dated November 22, 1926. The second was dated January 1, 1927.

Kearney, who says he is 32, declared his first matrimonial venture occurred in 1911 when he married Minnie Boehm, 22, in Elgin, Illinois. He had one daughter, Genevieve, by this marriage. The first few marriages were consummated under the name of George Zenary.

Other matrimonial alliances occurred, Kearney said, as near as he can remember, in the following order:  
Julia Osborne, 16, at St. Paul, Minn., 1913.  
Mamie Leahy, 26, in Chicago, 1916.  
Kitty McManus, San Francisco, June, 1917.  
Lillian Taylor, 28, Reno, Nevada, June, 1918.  
Balbina Pielego, Los Angeles, January, 1921.  
Jacqueline Morgan, 19, Eureka, Utah, September, 1926.  
Rose Lee, 44, Vancouver, Washington, November, 1926.  
Florence Torgerson, 26, Los Angeles, 1927.

Kearney said his most recent wife he courted and won while on his honeymoon with Rose Lee on a boat trip to Los Angeles.

### NEW CITIZENS

Mr. and Mrs. W. A. Mitchell, 456 Forty-third street, are parents of a baby boy, according to reports from the Richmond Maternity hospital yesterday. A son was also born at the same hospital to Mr. and Mrs. Frank Domingo, 3211 Barrett avenue.

### Senator Reed To Allow The Pension Fund Bill To Pass

**Slush Bill Will Continue  
After Senate Disposes  
of Pensions Bill**

(By Universal Service)  
WASHINGTON, March 3.—The Senate, in executive session tonight reached an agreement to recess soon after midnight until 8:30 tomorrow morning.

At that time, as "an act of charity," Senator James A. Reed of Missouri will allow the Senate to vote on the \$33,000,000 emergency deficiency bill, after which consideration of his resolution continuing the slush fund committee will be resumed, he said.

By FRASER EDWARDS  
(By Universal Service)  
WASHINGTON, March 3.—Haggard from a sleepless all-night session and harassed by the relentless Republican filibuster, the sixty-ninth Senate tonight staggered toward its doom as dawn tomorrow as the deadlock over the Reed resolution extending the life of the slush fund committee held fast.

An attempt to smash the deadlock only resulted in what appeared like a counter-filibuster by the Democrats when Senator Warren of Wyoming moved to take up the urgent deficiency bill, one of the vital measures which is threatened with legislative paralysis.

### Coroner Will Probe Death Of Mrs. Anderson

An inquest into the death of Mrs. Matilda Anderson, 65, residing at 517 Eighteenth street, Richmond, who was found dead in her bed yesterday, will be conducted by Coroner Aubrey Wilson at this evening at 7 o'clock.

The "break" was the first move on the part of the filibuster board of strategy to shift the blame from their shoulders to those of the Democratic coalition for failure to pass a group of important bills before adjournment tomorrow.

Mrs. Anderson was a native of Ireland and came to Richmond about four years ago to live with her son, Marshall R. Anderson. She is survived by two other sons, Thomas R. Anderson and R. J. Anderson, and five sisters, all of Wisconsin. Funeral services will be arranged upon receipt of word from relatives in Wisconsin.

### Boy Holds Officers At Bay With Toy Pistol In Rum Raid

(By Universal Service)  
OAKLAND, Calif., March 3.—Armed with a toy pistol, Hector Betti, Jr., 5-year-old, today attempted to hold at bay a posse of raiding officers when they arrived at his father's service station near Fairmont County hospital on complaints that Betti had been selling liquor to county indigents.

After "disarming" the lad, who protested vigorously, the raiders arrested the father and seized a quantity of liquor for evidence, according to their report to District Attorney Earl Warren.

### STOP SIGNAL HOLDS YOKEL SPELLBOUND

"If they ain't changed this here boulevard from Macdonald avenue to Jones street," is a statement attributed to a visitor from the hinterland of California yesterday as he stopped a wheezing vehicle of a long forgotten vintage at Tenth street and Macdonald avenue and peered through his windshield at the new stop signal now in place at that point.

The visitor's confusion is due to the fact that the signal is a sample of one of those recently installed by the California State Automobile Association in San Francisco. Facing Macdonald avenue the sign reads "Jones street" and approaching Macdonald on Tenth street the stop signal admonishes the motorist to halt.

The city officials have been most favorably impressed by the features of the new sign which was developed by the Association only a short time ago, and have placed it at the intersection for a thorough trial.

### BRITAIN WILL CONTINUE TO BE FORBEARING

(By ROBERT J. PREW  
(By Universal Service)

LONDON, March 3.—Sir Austen Chamberlain announced in the House of Commons this evening that the British government does not intend to hastily sever relations with Soviet Russia, but will continue to follow the policy of patience and forbearance as long as possible.

The debate was initiated on the recent exchange of notes between London and Moscow regarding the British charges of the Soviets flagrantly violating the trade agreement by conducting a propaganda campaign against the interests of the British empire.

Chamberlain declared that the British government was pursuing a policy of peace and asked that Russia should make her policy conform to the comity of nations and abstain from all efforts to promote a world revolution and not to interfere with Britain's internal affairs.

"The British government feels that a breach between us and Russia must have a reaction on other countries."

"If taken suddenly or before the world saw what the provocation was, a breach would have a disturbing effect upon the European situation."

"The peace of Europe is not yet secured. Mutual fears are very lively."

"The Soviet government has sought to convince other countries that the policy of His Majesty's government is to stir up trouble and use them as instruments of its anti-Soviet policy."

### \$1,000,000 IN CARGO FOUND ON RUM SHIP

**Pirate Ship is Captured  
300 Miles Off Shore  
After Battle**

(By Universal Service)  
SAN FRANCISCO, March 1.—Bearing the marks of battle, the alleged pirate steamer Federalship was brought into port today by a prize crew of U. S. officers and men.

The Federalship was seized 300 miles off shore as an international rum runner and when she failed to heed coast guard signals a shot was fired that tore away part of her forward hatch cover.

Stowed in her hold were 12,500 cases of choice liquor valued at approximately one million dollars.

The capture of the Federalship failed however to reveal the presence aboard of William Bowen, who is wanted on alleged murder charges and high-jacking charges coincident with the Moss Landing battle of several months ago.

Shortly after the arrival of the Federalship, rumors were that an attempt had been made to scuttle the craft. A small leak was discovered in the forward hold which had partly flooded the cargo.

### Terror Bandit Is Sentenced to Life in Folsom

(By Universal Service)  
SAN FRANCISCO, March 3.—With all the bravado he has shown since his arrest missing, Lawrence Weeks, 21, the "terror bandit" of the Clarence-Buck Kelley gang today stood before superior Judge Trabucco and heard sentence pronounced that will keep him behind prison walls for the remainder of his life.

Judge Trabucco imposed the following sentence:  
For stealing an auto 1 to 10 years in San Quentin.

For seven robberies, five years to life for each in Folsom.

For murder, life in Folsom.

MONTEREY, March 3.—A blood feud in the hill country south of this city came to a climax tonight when two men met on a mountain trail and shot it out with rifles.

Andrew Wardlow, 54, an employee on the Molera ranch is dying with two bullet wounds in his abdomen and George Curry, 35, foreman of the ranch is missing and believed to be either wounded or dead. The cause of the shooting has not been ascertained.

### Chilean Buglers Happy as Church Call is Banned

(By Universal Service)  
SANTIAGO, Chile, March 3.—Buglers in the Chilean army were happy today. The difficult church call, which has caused buglers the world over to give up their instruments and return to straight military duty, will no longer be heard in the soldier barracks of Chile.

Religious services in the Chilean army are to be abolished, according to a reliable source of information.

The most dangerous curves are not always in the road—sometimes they are cuddled in your steering arm.

### Amendment To Tideland Act Recommended By Committee

**Measure Would Extend  
Power of Cities to  
Lease 50 Years**

Richmond's plans for the location of a plant of the Ford Motor company in this city were furthered Wednesday when a "do pass" recommendation to Senate bill No. 294, introduced by Senator Will R. Sharkey of Martinez, in the California Senate at Sacramento, amending the state tidelands act was given by the Senate judiciary committee.

City Attorney Thomas Carlson, of Richmond, explained the measure, which would give municipalities the power to lease lands for 50 years. Under the present law leases of tidelands are limited to 40 years, and on lands adjacent to tidelands to 10 years.

Senator H. C. Nelson proposed an amendment, agreed to by Carlson and written into the bill, which would limit its terms to municipally-owned lands.

**Cite Berkeley's Case**  
Louis Bartlett, former mayor of Berkeley, called the committee's attention to Berkeley's experience in leasing 900 acres of valuable harbor property to what he termed "speculators," the voters rescinding the lease by referendum. The committee thought Richmond and other cities would be amply protected by referendum if a city council should make an unwise lease.

### Beer Garden Is Soaked With Tax

(By Universal Service)  
WASHINGTON, March 3.—A Chicago beer garden, seemingly confident of prohibition's early repeal, paid for its optimism in increased taxes today.

When Volsteadism knocked its business for a row of white ribbons the Marigold Garden company gathered up \$1710 worth of imported bar steins, wine glasses and fancy goblets and put them in storage. They're still there.

The \$1710 was deducted from the company's tax bill as a "loss" but the board of tax appeals, because the concern still owns the glassware and lack of "value" had not been proved, refused the deduction.

### Cruiser's Conduct Target Practice

(By Universal Service)  
(Special Cable Dispatch)  
HONOLULU, T. H., March 3.—The three cruisers Marblehead, Cincinnati and Richmond sailed for Maui today to conduct intensive maneuvers and target practice for a fortnight after which they will return to the Pearl Harbor naval base unless the Chinese situation demands their presence in the orient.

### SAN PABLOANS WILL VOTE FOR \$30,000 ISSUE FOR ADDITIONS

**Increasing Enrollment of  
Schools Brings Need  
For More Space**

At a meeting which was remarkably free from conflict, the San Pablo school district last night unanimously voted to put before the voters as soon as possible, a bond issue to provide for six new rooms in the San Pablo school. A large and enthusiastic crowd was called to order by Fritz Carlfield, trustee, who presided. Trustees Lawrence Silva and Joe Azevedo were not present.

The bond issue asked for will be for \$30,000. The motion to ask for immediate action on a \$30,000 bond issue was made by Harry Soto.

It was thought before the meeting that a \$25,000 issue would be asked in the bond election, but discussion brought out the fact that the building itself would cost in the neighborhood of \$23,000, and that an additional sum would be required for the proper equipment.

Although a four-room addition to the present school would be adequate, the demands of the town's rapid growth and increasing school enrollment would make the six-room addition imperative. The addition would about double the present capacity of the school. The meeting was held in the old school, to give the people of the district an idea of the inadequacy of the present accommodations and facilities.

Architect Ernest Flores was present and spoke, submitting plans and specifications for the proposed structure.

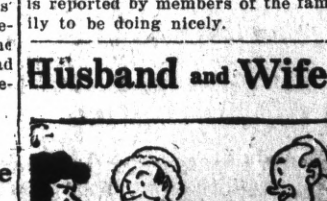

The bond issue was defeated at three previous elections—the first losing by three votes, the second by two, and the third won by eighteen. However, in the previous elections larger amounts were asked for, \$45,000 and \$39,000 respectively. It is believed that the present election will pass.

Included in the tentative bond issue is provision for the purchase of a school bus, which is considered a necessity. It is believed that a school bus will pay for itself in a very short time, as the school district is large and many of the children have to come a great distance. In the winter, consequently, when the roads are bad, the attendance falls off to a considerable degree.

## BEN HUR HAS CAST OF 150,000 NAVARRO LEADS

"Ben-Hur," with its magnificent chariot race pictured in a death-defying contest, on a vast circus arena—the intrepid Ramon Navarro and the wicked Francis X. Bushman as the opposing heroes—comes into the California theatre, Berkeley, on Sunday March 6, for a special engagement of one week. Theatre-goers greatly enjoyed the stage "Ben-Hur" and vividly remember Bill Farnum, Bill Hart, Emmett Corrigan, Mary Shaw and others of the old casts. 'Twas the most potent stage spectacle ever produced, touring America for 22 seasons. Metro-Goldwyn-Mayer, in arrangement with A. L. Erlanger, Charles Dillingham and Florenz Ziegfeld, have made a new and greater "Ben-Hur" in the newer art of the motion picture that outdoes the former achievement even as the wizard-like powers of the Twentieth Century surpass the inventions of our forefathers.

You see 48 horses—12 teams—start abreast in their mad dash over the seven laps of the Antioch race-course, and you cannot forbear a cheer as Ben-Hur wrecks Messala and forces to the front! Roman and Pirate navies contend in red hot death-grapples on the Middle Eastern. The towers and battlements of Zion rise anew. From the exultant Madonna to The Last Supper and Procession of Palms, the masterpieces of art are re-enacted, often in color. The beautiful love story of Esther and Ben-Hur, a contemporary of the Saviour, dominates the grand spectacle which is characterized by a fine reverence in the sacred part of the portrayals. Among the leading actors are Ramon Navarro in the title role, Francis X. Bushman as Messala, May McAvoy as Esther, Betty Bronson as the Madonna, Carmel Myers as Iras, Frank J. Currier, Mitchell Lewis, Sigel de Frolier, Claire McDowell, Kathleen Key, with no less than 150,000 persons in the "support."

Sets can be reserved for "Ben-Hur" by calling Berkeley 68, the California theatre, now. There are two performances daily at 2:30 and 8:20. A special orchestra will accompany the picture at every show.

## 'BLONDE SAINT' DORIS KENYON AT CALIFORNIA

Without a bobbed haired flapper, a cabaret, jazz band or, a taxicab, "The Blonde Saint" is proving the belief of Sam E. Rork, the producer, that the public is fed up with so-called "1926 jazz" photoplays.

"The Blonde Saint," a romantic adventure with Lewis Stone and Doris Kenyon, is at the California theatre, and critics agree that both Mr. Stone and Miss Kenyon have proven themselves real stars of the screen in portraying difficult roles.

Mr. Stone is cast as Sebastian Maura, a novelist, and Miss Kenyon is Anne Bellamy, whose Puritan ideas on life in general have earned her the nickname of "The Blonde Saint."

Interwoven in the romantic adventure of the novelist and the blonde saint is the love affair of Fannia and Annibale, the young Sicilians, on "The Isle of Life," just off the coast of Sicily. Fannia is Ann Rork and Gilbert Roland is Annibale.

Italian gardens, Sicilian fishing village, a mountain villa and the runs of a pagan temple are the principal scenes.

Other features on the same program include the fourth story of youthful folly, "The Collegians"; "Mutt and Jeff" cartoon; "International News," and Larry Canelo at the organ.

## Injured Men Convalescing

Painfully injured when the truck and machine in which they were driving collided at Nineteenth street and Barrett avenue Tuesday night, the three injured persons are reported to be on the road to recovery.

Thomas Nee, Standard Oil employee, is recovering at the Cottage hospital from severe bruises and head injuries that rendered him unconscious. Lee McCoy of San Pablo, driver of the truck, is at his home. He sustained two broken ribs and perhaps a fractured shoulder blade. Clifford Freeze, who was riding in Nee's machine, is recovering at his home from severe abrasions and lacerations.

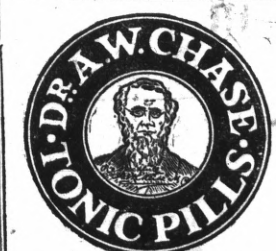

The crash occurred when the truck driven by McCoy east on Barrett collided with the machine of Nee coming south on Nineteenth street. McCoy's automobile crashed into a fire hydrant at the intersection and both Nee and McCoy were thrown from their machines. Freeze was pinned under the Nee machine as it overturned and received the slightest injuries of the trio.

## War Vets Must File Exemption Requests

A tax exemption request or affidavit must be filed hereafter by all war veterans who have purchased homes or farms under the veterans' bond act. County Assessor O. Meese stated yesterday. Although the affidavits have not been required in the past, Attorney General U. S. Webb has held that despite the fact that homes being purchased by the veterans are held in the name of the veterans' board there is a possessory right that has a value and must be assessed.

A tax exemption affidavit must therefore be filed by veterans in order to benefit from the veterans' tax exemption.

## The Dollar Mark—

The origin of the dollar mark is a disputed matter. One theory is that the symbol is derived from the figure 8, which was imprinted on old Spanish dollars, commonly called "pieces of eight." Another is that the sign is a corrupted monogram of the letters "U. S."

To most of us the question is of academic interest only. More important is the necessity for accumulating a reserve of actual dollars. For that purpose an American Trust savings account, earning interest at four per cent compounded semi-annually, is very useful.

## Instant hot water at 3 a. m. by turning faucet

### Automatic gas water heaters bring comfort, convenience

The nearest hot water faucet is always a source of refreshing comfort—with an automatic gas water heater in your home.

It supplies plentiful hot water any time. All you do is turn a hot water tap for a cup-full or gallons of steaming water. And with this wonderful service, two-cents worth of gas heats 10 gallons of water—which is plenty for a bath.

### Two kinds of automatic heaters

There is one type of heater called the "Automatic Storage System." It keeps a supply of steaming hot water in the boiler—always ready for use.

While another, called the "Automatic Instantaneous Type," heats an endless stream of water at the turn of a faucet. No boiler needed here, for the water heats as it flows through hot coils.

### For further advice—

Fill out and mail the following to the local office of Pacific Gas and Electric Company:

Gentlemen:  
Please give me, without obligation, further advice on Automatic Gas Water Heaters. Tell me how I can have continual hot water comfort and convenience.

## Many New Faces Will Appear On El Cerrito Card

There are a lot of new faces on the El Cerrito fight card tonight and to all indications the boys that will be shown are fighters that merit the drawing of another capacity house.

With Cliff Kramer, the fast Alameda heavyweight, meeting Sammy Olsen of Los Banos in the eight-round main event, and the appearance of Johnny Resilio, the all-time lightweight champion, meeting Mike Denton of Vallejo in the six-round semi, fans here will see two great bouts.

Resilio is the holder of three belts that he won in the navy, and has never been beaten either in the navy or at any shore club. Along with the main event the fans will see many of the local favorites.

Kid Cal of Los Banos, a tough short boxer weighing 150 pounds, will fight Cliff Hottenger of El Cerrito. This bout promises to be another of those wild and woolly affairs that has made El Cerrito Athletic club the talk of the bay district for action fights.

Doc Limas, the El Cerrito knockout king, meets George Godinas of Sacramento. Godinas has had but three fights but none have gone over a round and he has won them all.

Charley Miller, the best looking featherweight we have seen from S. F. in some time, who stopped his man in both starts he made here, will fight Mickey Brown, Richmond featherweight.

Mmanuel Vasquez, the fighting Mexican of Berkeley, who beat Young Cumpston in a great battle last week, will meet Mickey Gibbons of Vallejo.

That array of fighting material headed by such a star as Cliff Kramer should pack the club tonight and is sure to please any fan.

## Petuya Wins Cue Match

Taking the last two games away from Nozella, who won the first, E. Petuya won last night's round in the billiard elimination tournament being played at the Fern Leaf cigar store. The game was featured by clever moves and fast playing. Petuya was high mark man with a run of 21. No games will be played tonight, the next round starting tomorrow evening.

## U. C. Glee Club To Sing For Pres

(By Universal Service)  
EUGENE, Oregon, March 3.—Staging a desperate last half rally after the score at the end of the first half ended in a tie, University of California's basketball five came from behind here tonight to defeat the University of Oregon 35 to 29. The game was the first of the series to determine the Pacific Coast Conference championship. The second game will be played tomorrow night.

## Sportographs

**OAKS FIRST PRACTICE GAME CALISTOGA, March 3.**—Eager to make up for lost time owing to inclement weather conditions, the Regulars and Yankigans of the Oakland Baseball club will mix in their first practice game today. If Old Sol doesn't get peevish and wet the diamond all up. The rookies this year are considered better than usual, and more than one of them looks to be in a class by himself. The kids have a smooth-working infield with Murphy and Stevens at first, Doty Bush, second; Monroe Dean, short, and Rusty Firebaugh and Hal Ruby on third. Their catchers are Hal Baker and Ernest Lombardi.

**VARSITIES IN TITLE FIGHT**  
EUGENE, Ore., March 3.—Basketball teams of the California and Oregon varsities are on their toes today in anticipation of the game tonight which will decide the Pacific coast championship. Both teams are tapering down on training to be in readiness for tonight's game.

**BAKE RUTH SIGNS AT LAST**  
EUGENE, Ore., March 3.—Manager Huggins is smiling today and the Yanks are much relieved over the fact that the big bandle's signature is written in indelible ink on a certain fat contract. Huggins felt so good he let drop the remark that "if anyone deserves big money, it's the Babe." Ruth's presence in camp has brought gloom to but one member, Elias Funk, ambitious young outfielder who had hopes of playing Ruth's position.

**CLASS TO THESE BOYS**  
Having survived all scrimmages in the Pacific Athletic association's basketball championship eliminations, the Livermore cowboy quintet today stands in the enviable position of being the sole representative of the Eastbay in basketball talent. In the game played Wednesday night at Kezar pavilion, San Francisco, the Livermore boys were hard put to wrest victory from the Auburn Cubs, but a last minute rally brought them a 39 to 37 win.

**U. C. CREWS IN TRIAL SPINS**  
Chances of California's rowing crew in the coming annual race with Washington University, are considered very good, it was declared yesterday by "Admiral" Ky Ebright, after the inter-class races on the estuary had been held. A mile and a half event was run by one class and a two-mile race by another crew.

## Jailed Nurse Goes On Hunger Strike

PORTLAND, Ore., March 3.—Dr. Lillian Stevenson of Astoria, physician and former nurse and recently connected with the Custodial school of the state of Washington, is on a hunger strike in the federal section of the county jail, where she is being held to await trial on a charge of misuse of the series to determine the Pacific Coast Conference championship. The second game will be played tomorrow night.

## Richmond Team Will Cross Bats With Berkeley

Arrayed in colorful new uniforms, the baseball squad of Richmond Union high school will trot out on the Berkeley high school diamond this afternoon for the first baseball game of the season. The Richmond boys are out to equal their last year's performance against the Berkeley troops, when the last game of the season found them on the top side of a 10 to 1 victory. John Medo is looked for to staunch any breach that the Berkeley outfit might open, as his prowess on the mound is esteemed by all batsmen of the bay high schools.

The local lineup will probably be: Swenson, catcher; J. Pinto, pitcher; Baldwin, 1b; Williams, 2b; Gordon, ss; Glum, 3b; C. Pinto, lf; Mylles, cf; Williams, rf.

## Fight Renewed On Sisal Trust By Government

(By Universal Service)

WASHINGTON, March 3.—The federal government today renews its fight against an alleged "sisal trust," charged with conspiracy to monopolize importation and sale of Mexican sisal and increase prices.

A new brief was filed by the department of justice in the supreme court, preparatory to argument of the case before the high tribunal next week. The government charges violation of the Sherman anti-trust law and the anti-trust provision of the Wilson tariff law.

The Sisal Sales Corporation and various bankers are defendants in the case, which the government lost in the southern New York district court. Sisal fiber is used in making about 80 per cent of the country's binder twine.

## Takes Stars' Place; Scores Big Triumph

(By Universal Service)

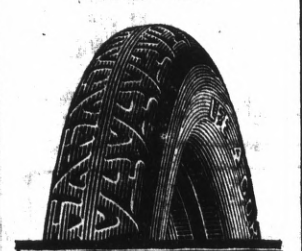

(Special Cable Dispatch)  
ROME, March 3.—Mina Horne, of New York, without any rehearsal, replaced the prima donna in the opera Aida at the San Carlo theatre at Naples last night and scored a big hit.

The Neapolitan newspaper, Il Girono, in commenting upon her triumph today said that Miss Horne had a beautiful, limpid voice and a magnificent stage presence. "She obtained a notable success and had to respond repeatedly to curtain calls," it said.

Character needs no beauty contests.

## California Grays Defeat Richmond All Star Team

The California Grays last night defeated an all star Richmond baseball team at the Roosevelt Junior high school by a score of 27 to 24 in a fast and furious game.

At the start of the fourth quarter the score stood 22 to 22 and from then on the game tightened down. This was the final game of the season.

The lineup: Richmond: De Bare and Cornwell, forwards; Gadbury center; Barberie and Huzefka, guards; McLaughlin, sub. Barberie high point man, 18 points.

California: Stevens and Olson, guards; Teneck, center; Widenbaum and Loynd, forwards.

## Tennis Club To Hold Tournaments

Plans for a series of tournaments this spring will be discussed by the Richmond Tennis club tonight in the Richmond chamber of commerce rooms at 8 o'clock.

W. L. "Doc" Seawright, president, announced yesterday.

The Richmond club has received challenges from the Alameda Elks and the Piedmont Tennis Club. A return match will be played with the Alameda Tennis club. Tournament play will be started as soon as weather conditions permit.

## DRIVER KILLED AS HE TRIES FOR RECORD

By ROBERT J. PREW (By Universal Service)

LONDON, March 3.—In an attempt to break the world's automobile speed record at Pendine Sands, Carmarthenshire, J. G. Farry Thomas, the greatest of the British racing drivers, was killed today.

He had passed the mile mark and was travelling at 100 miles an hour when one of the driving chains of the back wheel broke.

Locking itself around the wheels, the chain locked them solid and the car made two somersaults and skidded broadside for about 150 yards.

In the meantime the chain uncoiled itself, broke through the mud guard and struck Thomas in the neck, decapitating him.

One wheel was torn from the car which finally burst into flames.

The driver was using his famous 450-horsepower "Babs" with which he established a record of 171 miles an hour which he held until Captain Malcolm Campbell beat that figure last month with 174 miles.

Just before he started his ride today a woman presented Thomas with a black cat mascot which he tied in the bonnet at the same time observing:

"I don't believe in false gods."

Thomas, Campbell and Major H. O. D. Seagrave are Britain's renowned trio of daredevil record makers. Seagrave left for New York yesterday on the Berengaria with his 1,000-horsepower car with which he will try to reach 200 miles on the sands at Daytona Beach, Fla.

Campbell, in commenting on the

## Cashmere And Suede Lead In New Coats

The difference in the new coat for this season is a matter of detail treatment, not silhouette, according to the advance styles being shown in the local stores during the third annual spring opening and fashion week. The straight-line with normal armhole prevails.

But diversity by way of tucks, seaming, tiers, yokes, belts, boleros, platts and flying panels is almost unlimited. It is important to note, though, that all of these emphasize simplicity of effect, however intricate they are in detail.

Tucks, particularly, offer infinite possibilities. Cross tucks, from pin size to those form tiers; pin tucks in geometric, diagonal or pointed design; cluster tucks on shoulders, sleeves or down the back. These are the insignia of the spring coat mode.

Naturally, fabrics must be soft and supple. Cashmere and suede-type weaves lead among wooleens, whereas flat crepe, satin and bongaline are also increasingly important. These fabrics refer to dressier coats, of course.

But even among sports coats wooleens show themselves to have new fineness and lightness of weight. Tweeds are soft in texture, no matter how dashing may be the comb plaid, mixtures and color combinations which they adopt. Rodier fabrics in subtle tones are prominent, too.

accident today, said:

"Chains are always dangerous. I always use the shaft drive."

## BULGIN REVIVAL SERVICES HELD IN BIG TENT

There was a good crowd at the Bulgin union revival services which met in the big tent at the corner of Ninth and Nevin for the first time last night. The choir, which was much larger than heretofore, rendered some very fine music and the song service was greatly enjoyed by everybody.

Dr. Bulgin's talk was an exposition on the text, "Love Your Enemies," in which he showed how it is possible for a Christian to live up to this command of Christ.

It was announced that next week would be a week of church competition in the matter of revival meeting attendance. The schedule was as follows: Monday night, First Christian church; Tuesday night, Presbyterian church; Wednesday night, Methodist; Thursday night, Baptist and Lutherans; and Friday night, Episcopal and Salvation Army.

The denomination with the largest per capita representation will be presented with a \$10 gold piece at the close of the contest week. Dr. Bulgin will bring on these nights messages of peculiar interest to the denomination whose night it is. Tonight the song service will begin at the tent promptly at 7:30 and Dr. Bulgin will deliver his great historical, dramatic, picturesque, sermon-lecture, "The Triumphs of the Cross." The tent will be comfortable and the music inspiring.

## Former Police Is Indicted in Mellet Murder

(By Universal Service)

CANTON, Ohio, March 3.—Floyd Strettenberger, former Canton policeman, was indicted today by the Stark county grand jury as one of the alleged gunmen who killed Don R. Mellett.

The indictment followed testimony of Thelma Harris and others relative to the association of Louis Mazer with Floyd Strettenberger on the eve of the Mellett murder. Mrs. Harris told of Strettenberger's arrival at the home of "Doll" Carey, Louis Mazer's sweetheart, of the conference which took place, and of their leaving after Mazer had secured a revolver.

Investigation of Strettenberger started with the stumbling efforts made by him to establish an alibi for Mazer, the breakdown of which led to the original indictments even before there was any indication that Pat McDermott ever would be apprehended.

### Mr. Haskell Completely Relieved

Mr. H. Haskell was very much discouraged after two months of the Fong Wan Herb treatment and wished to quit.

He was urged to continue the herbs and was completely relieved after three more months of the Fong Wan Herb. His testimonial follows:

Oakland, Calif.  
I suffered for many years from sores of the stomach and from bladder trouble. After years of treatment without results, I became very much discouraged and feared that I should never again be well. One day I saw in the newspaper a testimonial that Mr. P. Oliver had given to the FONG WAN HERB CO. As his case had been similar to mine, I called upon Mr. Oliver and learned from him that everything stated in that testimonial was true. I then began to faithfully take the FONG WAN HERB TREATMENT and after three months I was a well man. At the time of this writing my blood test is negative and my bladder is in splendid condition. 3118 Linden St.

## REAL ESTATERS PREDICT LARGE GAINS FOR CITY

That Richmond will have a population of 50,000 by 1935 was predicted by various members of the Richmond Real Estate club in the Hotel Carquinez at noon yesterday. Speakers sketched the remarkable progress that has already been made and gave their reasons for their belief that this development is due to continue and surpass that of the past.

It was pointed out that there is a real necessity for deepening of the channel to permit the entrance of ocean-going vessels of any kind, and further harbor development. This is imperative to prepare for the coming of large industries to Richmond, it was stated.

George Schaffer was chairman of the day.

MARTINEZ, March 3.—Suit for divorce was filed in the superior court here today by John De Wilde of Richmond, from Mrs. Mary De Wilde. De Wilde alleges that Mrs. De Wilde has nagged and cursed him. The couple married in 1924 and separated February 27. The plaintiff is represented by Attorney Will S. Rosenon.

## 2 Airmen Are Hurt in Fatal 500 Foot Crash

(By Universal Service)  
SEATTLE, March 3.—Two aviators were seriously injured, both perhaps fatally, this afternoon when a U. S. navy plane from Sandpoint flying field developed engine trouble and fell 500 feet onto Bainbridge Island in Puget Sound. Both men were rushed in a navy launch to the Navy hospital to Bremerton, where they were reported in a critical condition tonight. They are E. C. Dillane, navy pilot, who has two broken legs, a broken arm and is unconscious from a frontal skull fracture, and L. D. McCartney, sea-air first class, who has a broken arm and several fractured ribs.

## After Storm Had Spent Its Fury

This dismal wreckage and scattered furniture at Oliver Beach, Staten Island, N. Y., was a row of bungalows before the Atlantic seaboard storm struck. Everything that would float was swept away by the waves.

## Senate Rejects 2 Appointees on Radio Board

WASHINGTON, March 3.—The Senate, in executive session tonight confirmed three of the five radio commissioners nominated by President Coolidge and rejected the other two.

Those rejected were: Orestes H. Caldwell, of Bronxville, N. Y., and Henry A. Bellow of Minneapolis. The three confirmed were Rear

Admiral Wm. H. Bullard of Media, Penn.; John F. Dillon, San Francisco, and Eugene O. Sykes, Jackson, Miss.

Caldwell was rejected because he was formerly employed by the Westinghouse Electric company which Senate insurgents charge is a part of the "radio trust." Bellow was rejected because he was a "Hoover man."

Automobiles and railroad trains should change their game from dare base to hide and seek.

Self confidence is the tortoise on the road to success—recommendations the hare.

## BUILDING GAIN IN RICHMOND IS FIFTY PERCENT

Building activity in Richmond during the month of February showed remarkable development, keeping pace with the general expansion throughout the east bay district. Over 45 new buildings were started in spite of adverse weather conditions, a gain of more than 50 per cent over the building of the same month a year ago when but 30 new structures were begun, according to a monthly report on applications for new water services issued by the East Bay Water company yesterday.

New people came here from Massachusetts, Rhode Island, Michigan, and from Los Angeles, Santa Rosa, San Francisco and other California cities.

Construction of new homes made up the greater volume of new building, the report states, although apartments and business blocks are being started locally also.

In the east bay district 440 new buildings were started and new people came here from 17 states and 35 California cities.

## Program Will Be Given Tonight At McRacken Fete

With 23 years of active service in the interest of Richmond behind it, the W. S. McRacken store will celebrate the anniversary of its founding with a dance and entertainment in the ballroom of the Carquinez hotel tonight, to which all friends and patrons of the store are invited. Latest fashions will be displayed by entertainers between the dance numbers. This apparel will be of the same styles now shown at the McRacken store. The program offers the following selections: "Crazy Words, Crazy Tune," by Del Perry; "Black Bottom," by Irene Remington and Frank Lavy; "Take in the Sun, Hang Out the Moon," by Hazel McDaniels and Clorine Engels; "Waltz Clog," by Irene Remington and Frank Lavy; "Waltz Exhibition," by Irene Remington and Frank Lavy; "I Made You Happy When You Made Me Cry," by Hazel McDaniels and Clorine Engels; "Tango," by Irene Remington and Frank Lavy; "Because I Love You," by Jane Gates.

## Notice To Public!

This is to notify the public that I will not be responsible after this date, for any bills contracted by my wife, Mary Ross, she having left my bed and board. Richmond, Calif., Feb. 28, 1927. W. H. ROSS.

## Rotarians To Hold Ladies Nite Mar. 18 At The Carquinez

The spring-time ladies' night of the Richmond Rotary club has been set for the Carquinez hotel Friday evening, March 18. It was announced yesterday. The committee in charge of the arrangements for the occasion is composed of Postmaster J. N. Long, Chairman, John L. Rihn, John F. Galvin, Dr. Walter Cole, Sidney S. Clark, Ross Calfee and Grant Miner, Jr.

Three new members will be inducted into the club today. They are Edward Murray, manager of Breuer's Richmond furniture store; Charles Engel, local manager for the Parr Terminal company, and George Thornton, banker.

Succeeding Harley Carter, resigned, Will Fraser has been appointed as a member of the board of directors.
